

## STUDENT ARRIVAL/DISMISSAL PRECAUTIONS

It is in the best interests of students that parents/guardians work with the District and adhere to the school arrival and dismissal precautions. Students who are transported to school should arrive at the bus pickup site at a reasonable time before the bus arrives and go immediately home when dropped off at the site after school has been dismissed. Once in school, students will remain on school premises unless they have been granted permission to leave per Rule 434, Guidelines for Student Arrival/Dismissal.
