

### REGULAR BOARD OF EDUCATION MEETINGS

Board of Education meetings are conducted for the purpose of carrying on the business of schools, and therefore are not public meetings, but meetings held in public.

All regular meetings of the Board of Education shall be open to the public. Notice of such meetings must be given to the public in compliance with State statutes.

Meetings are closed to the public only during executive sessions, the purpose of which is to discuss matters that should be confidential by their very nature.

Regular Board of Education meetings are to be held on the second and fourth Monday of each month unless changed by a majority vote of the Board of Education members present with accompanying public notice given in accordance with State law.

Regularly scheduled meetings may be of two kinds: business and/or educational. Educational meetings may be held for the purpose of reviewing and evaluating the school program, or the development and discussion of policy.

Adjournment of a regular or special meeting to a later date may be made by action duly taken. At such adjourned meeting, all business may be regularly transacted which would have been proper in the meeting from which adjournment is taken.
