

NEW COURSES

New courses, which meet the Rice Lake Area School District's criteria, shall be approved on a three-year pilot basis.

Before permanent status is granted, all course additions shall be subject to two full year assessments to be conducted by the course proposer, a representative from the curricular area, and appropriate administrator(s). This assessment shall include, but is not limited to, an evaluation of strengths and weaknesses of the course to be completed by students, parents, and staff in that department, as well as the building administrator.

Final approval of a new course will depend on, in part, the existence of course objectives and written curriculum, which are aligned to Wisconsin or national adopted standards. Any revisions will reflect the recommendations, which result from the assessment review.
