

EXCHANGE TEACHING

The Board of Education recognizes the importance of intercultural and international education as an important part of a school program. To this end, the District may, from time to time, have exchanges of teachers and students or both, between various countries and areas of our country for limited periods of time.

The Board of Education authorizes exchange programs only as recognized by official Board action.

Teachers may, at the discretion of the Board of Education, be granted a leave of absence for up to one year for the purpose of exchange teaching, subject to the following conditions:

1. Exchange will be limited to Districts or countries approved by the Board of Education.
2. The Board of Education will establish the limit on the number of teachers exchanged annually.
3. Leave will be granted only if the cooperating school furnishes a certifiable teacher to take the place of the one released by the Board of Education.
