

NAMING SCHOOL DISTRICT FACILITIES

Naming of school district facilities is the responsibility of the Board of Education and shall be approved by the Board of Education. A facilities naming committee may be appointed by the Board President. Once a facility has been officially named, it shall not be renamed except for compelling reasons to be determined by the Board of Education.

Criteria that may be considered when naming school facilities are:

- The facility to be named must have a specific purpose.
- A facility may be named after a geographic location and/or a section of the District it serves.
- If a facility is to be named after a person, that person shall be of exemplary moral character; have made an outstanding contribution to education, humanity, or community or have displayed outstanding leadership or be a person of historical significance.
- Facilities may also be named after major contributors to the school district without whom new facilities would not have been possible.
- The name must reflect community and neighborhood standards.

Parts of facilities may be named after individuals using the same criteria or recognition of individuals and may be marked on an appropriate plaque commemorating that individual's contribution.

The Board of Education reserves the right to limit any timeframe for sponsorship and naming rights.
