Friess Family Community Campus

## **Project Overview:**

Construction of the Friess Family Rice Lake Community Campus began in the spring of 2009. The campus includes:

- Synthetic football/soccer field
- Top-loading stadium seating
- Lighted baseball and softball fields
- 400-meter, nine lane rubber track
- Press boxes for the stadium as well as softball and baseball
- Multi-use practice field
- New plaza area with concessions

The project was spear-headed by a group of local individuals.

The facility is not only available to school district students, but also to community members and to other area schools who wish to host regional or sectional athletic events. This new complex is a true asset to our community.

The \$3.7 million project is funded by \$1.25 million from the Rice Lake Area School district, \$562,000 from the City of Rice Lake, and money from local busi-

nesses and private donations, including a \$500,000 contribution from Foster & Lynn Friess for the naming rights to the complex.

Our Bleacher Seat Campaign allows you to engrave text into each seat that you purchase, i.e. your name, your family name, etc. By purchasing a seat, you will not only be giving back to the Rice Lake community; you will also be recognized for decades!

Purchasing a bleacher seat is a donation. Seats are NOT reserved for purchasers' use at events.

This message brought to you by the Rice Lake Community Campus Coordinating Committee and the Rice Lake All-Sports Booster Club.

Other Donation \$	Make checks payable to: Rice Lake Area School District  Otl
	*Purchase of 4 seats will be recognized as "Friend" level on the donation wall.
